4 The Mg Senior Surgeon's proposals maybe approved. It is presumed that the young men are willing to take up service as proposed. Two supernumerary appointments of Asstt Surgeons last grade (150 Rs) maybe sanctioned for these two young men. It would be a great pity for the State to lose their services after training them at considerable cost

I since understand that they have not been consulted by the Sr Surgn. K.R.K Iyengar informed me that he would not accept a service on 150 Rs, & expects a higher pay. Perhaps they may be given pleces on 200 Rs with a local allce of 50 Rs to K.R.K Iyengar as proposed by the Mg Sr Surgn.

7. Subd 92-36 9/2 Submitted 8. There are no vacancies in the Asstt Surgeons cadre against which these gentlemen can be appointed. If they have to be appointed at all these will have to be specially added on to the scale and scale increased. No sufficient reason has been adduced for adding to the scale & for a case that these gentlemen possess English qualification but is there already an excess even in the Sub Asstt Surgeons cadre also. If however there are strong administrative reasons for appointing these men it can be done by utilising the 5 appts left unfilled in the Sanitary Deptt temporarily as a reduction in that Deptt and add on the necessary 5 to the medical Deptt without any increase in Cost. As retrenchments occur in the Med

20. I regret I cannot support the recommendation of the Offg Senior Surgeon in his No.G.384 dated 30-1-11 regarding Messrs Karve and Krishnasawmy Iyengar. I would regard it as a very serious breach of faith with the officers in the general Medical Service to place a new comer anywhere in the list but at the bottom. But I agree as to the necessity for retaining the services of the above two gentlemen provided they can supply a real want in the Medical Department

Mr. Krishnasawmy Iyengar has gone through the course required of him to fit him for the post of Assistant Chemical Examiner & Bacteriologist. His class work in the subjects necessary to fit him for this position has been quite creditable, and he has moreover taken out a course under a Public Analyst who certifies him equal to the duties of a Public Analyst. I have no hesitation, therefore, in recommending him for admission to the grade of Specialist, his speciality being analytical Chemistry and

G. R. S. 12]
General and Revenue Secretariat.

Med File No. 171 of 1910-11

Serial No.

Bacteriology. He is, I believe, willing to take Rs 300-25-600.

Then as to Mr. Karve; His Highness' Government wanted him to specialise in Pathology, and he seems to have done fair class work in that subject, and he has a testimonial from Professor Schafer supporting his claims to proficiency in it. But when I got him to do some work in Histology, I found the results very poor, which he at first said was due to difficulties he had to contend against in the Laboratory, but later he attributed them to blunt instruments, bad chemicals &c., I have given him a bit of my mind in these matters. In the first place he has all Bangalore & Madras for that matter to get his instruments sharpened and he has the whole of India to get fresh chemicals. So he is without excuse. It must be over 3 months now since I started him at this work and he has done nothing satisfactory up till now. As to micro-photography he has not attempted it at all, so far as I know.

Pont knows the use of these terms in histology?

I hope, however, now that he knows exactly "where he is" I shall have a good report to make of his work in the near future, in which case I would recommend him for the Specialist's grade in Pathology- but if he cannot do this work then we have nothing for him but the position of District Health

GPB—55,000—27-4-09

Health Officer, or to begin at the bottom of the general medical list. I have, however, enough men in the general list for the present. I note that Offg Senior Surgeon would wish to add to this list and place several more gazetted officers in appointments now held by Hospital Assistants. The effect of this would be that while, no doubt, patients would have more highly trained men to care for them, the displaced Hospital Assistants would have to go on general duty, & thus have their already meagre emoluments still further reduced. I look on our Hospital Assistants as a most useful class of medical men, and would be very sorry to increase their hardships, which are already in many cases very acute, suffering as they do from bad housing, inferior status as compared with their British colleagues and inferior pay. I consider it much more pressing to place this deserving branch of the service on a satisfactory footing than to increase the numbers of gazetted officers in the general gazetted list.

Extract from the Proceedings of the 261st Meeting of the Council of His Highness the Maharaja, held at Bangalore on the 5th and 6th April 191

28

1. Subject. - (Clause v of Schedule).

Appointment of Messrs:K.R.Krishnaswamiengar and J.V.Karve in the Medical Department.

OPINION OF THE COUNCIL .

Mr.Krishnaswamiengar may be appointed an Asstt: Surgeon of the 1st class on Rs.300 per mensem a n d treated as a supernumerary in that class till he is absorbed on the occurrence of a vacancy. He may for the present be employed as Assistant to the Chemical Examiner and Bacteriologist.

Similar orders may be passed about Mr.Karve on the receipt of a further report about him from the Senior Surgeon if that report proves favourable.

"Extract"

Sd. T. Ananda Rao,
Dewan of Mysore

C.S.Balasundaramayya
Offg. Secretary to Govt.

GPB—300—23-4-03

Submitted to His Highness.

29. These papers relate to the appointment in the State Medical Service of Messrs. K.R.Krishna-swamiengar and J.H. Karve who have recently returned from Europe after completing their studies in Medicine.

2. The Officiating Senior Surgeon, Mr. Achyutha Rao, recommended that they may be started as Assistant Surgeons of the last grade (on Rs. 150), and that Mr. Krishnaswamiengar may be employed as Assistant to the Chemical Examiner and Bacteriologist with a local allowance of Rs.50 per mensem, Mr. Karve being attached to the General Hospital, Mysore, as the Resident Physician thereof.

M . N

3. Both Messrs. Krishnaswamiengar and Karve declined to take up an appointment on the pay suggested and wanted at least Rs.300 per mensem.

4. Col. Smyth, who was un-officially consulted in the matter after he resumed the duties

Pa 99 of 1.e.d.e.

of the Senior Surgeon did not support the recommendation made by the Officiating Senior Surgeon on the ground that it would be unfair to the men already in the general medical service "to place a new comer anywhere in the list but at the bottom". He has recommended that Mr. Krishnaswamiengar may be admitted to the grade of specialists on a salary of Rs.300-25-600, his speciality being Analytical Chemistry and Bacteriology. As regards Mr. Karve, Col. Smyth says that he has done fairly well in his class work in Pathology in which he had been asked to specialise, but that the results of some work which (Col. Smyth) asked him to do in Histology were very poor. As to Micro-photography, he has not, so far as Col. Smyth knows, attempted it at all. Col. Smyth, however, hopes that he will "have a good report to make of his work in the near future", in which case he would recommend him for the Specialist's grade in Pathology, but if Mr. Karve cannot do this work, then "we have nothing for him but the position of District Health Officer, or to begin at the bottom of the general medical list".

5. The matter having been considered in Council the Council is of opinion that Mr. Krishnaswamiengar may be appointed an Assistant Surgeon of the first

class on Rs.300 per mensem, and treated as a supernumerary in that class till he is absorbed on the occurrence of a vacancy, and that for the present he may be employed as Assistant to the Chemical Examiner and Bacteriologist. As regards Mr. Karve, the Council is of opinion that similar orders may be passed about him on the receipt of a further report from the Senior Surgeon, if that report proves favourable.

6. The Council Resolutions may be approved, it being provided that both candidates be allowed pay from 1st April 1911.

Fernhill (PO)
Forfar

Sir Martin

In your D/No 120 of the 3d inst you write & Mrs Adamson to say that "Mr Kane is still engaged on the test work & cannot leave to do" —

Mr J. V. Kane MRS-DOFT has been here and I found him & the under him prepared that he had done his work & would have report to you — He evidently has no clear idea of what exactly is required of him, &

On his telling me that you had disagreed in some items of his analysis for what reason he could not make out, I told him that it possibly was to test him in the course of his own convictions; at any rate that it was for him to try again & explain himself to you if need be I hope he will do this

I know some long time (reckonable in months) since he returned from England, & it behoves us to decide definitely about him without further delay - May I request you to know

Hunt's help on this? Let them
the task in writing - Let them
be sat upon by some one
whom you can depute
if necessary, and be
allowed all the facilities he
would require - Let his report
& you be also in writing, and
if it be not the masterpiece
that may be elaborated from
an accomplished scholar
you can say whether it is
at least satisfactory & you
and sufficient to enable
you to judge whether and
in what capacity he may

be taken into the medical
dept. If he is not to be
taken at all it is well to
tell him so to enable him
to decide upon what he
shall do next –

Yours sincerely

Col. Smyth

Lieut. Surgeon

42

My dear Sir

In your D.O. No.128 of the 3rd instant you write to Mr. Balasundaram Iyer to say that "Mr. Karve is still engaged at the test work I gave him to do".

2. Mr. J.V. Karve B.A., D.P.H., has been here and I found him to be under the impression that he had done his work and submitted his report to you. He evidently has no clear idea of what exactly is required of him, and on his telling me that you had disagreed in some item of his analysis for what reason he could not make out, I told him that it possibly was to test him in the courage of his own convictions; at any rate that it was for him to try again and to explain himself to you if need be. I hope he will do this.

3. It is now some long time (reckonable in months) since he returned from England, and it behoves us to decide definitely about him without further delay. May I request you to kindly help in this? Set him the task in writing. Let him be sat upon by some one whom you can depute if necessary, and be allowed all the facilities he would require. Let his report to you also be in writing

25

and if it be not the masterpiece that may be expected from an accomplished scholar you can say whether it is at least satisfactory to you and sufficient to enable you to judge whether and in what capacity he may be taken into the Medical Department. If he is not to be taken at all, it is well to tell him so to enable him to decide upon what he shall do next.

Yours Sincerely

Sd/ T. Anandakar

Col. J. Smyth M.D., I.M.S.,

Senior Surgeon, Mysore Government.

D. O. No. 139

D. O. No. Fr 2500

OFFICE OF THE SENIOR SURGEON WITH THE GOVERNMENT OF MYSORE.

Bangalore, May 8th 1911

Dear Sir,

Your D.O. NO.2261 of 6th May 1911

The testing of Mr. Karve requires no writing at all - only hands & head. His last test specimens were mounted very untidily which indicated lack of neatness & accuracy in his methods.

I told him to go & try again & he has not turned up since. You see if I tell him exactly what to do & how to do it - he may do it for me - but it will be just for that occasion only - What I wanted to find out was

whether

whether it was in him naturally to work in an accurate & tidy manner. My opinion is that he will be an inaccurate untidy worker and will be unequal to work that can be sworn by. I may be mistaken; & so, to give him a chance, I would recommend him to be entertained for a year on trial as Pathologist to the Victoria Hospital. At the end of the year his work (sections, injections, micro-photograph &c.,) might be overhauled by some one skilled in practical pathology - it may be by your next Senior Surgeon - if he has been a practical Microtomist, & experienced in the other details of a Pathologist's work. If not, Captain Ingram of Madras Medical College might be consulted & his opinion taken. If some such step as this is not

taken to secure the right man, the chances are that you will be paying high for a mere duffer- & that is not what is wanted in these days of research in the new pathology as it relates to malignant growths, blood changes &c., &c,,- with the possible prospect of Medical School in Bangalore. If these proposals are not accepted, I would not advise the appoint ment of Mr. Karve as Pathologist at all, but offer him a Health Officer's post. You could then be on the look out for a man who has been an Assistant in the Pathological Departments of one of the Indian Universities & who can be shown to have a special aptitude for this exacting work.

All

All this may seem very hard on Mr. Harve, but I am bound to advise you solely in the interests of the Hospital and of the public.

Yours

T. Ananda Rao Esq. B.A., C.I.E.,
Dewan of Mysore,
Bangalore.

Serial No. 68

D.O No: 14 of 19.7.11 from Mr B. S Achyuta Rao offg Senior Surgeon States that he is of opinion that Messrs K. R. K. Iyengar & Karke should be placed on the list of Specialists in a new class B with the pay & prospects suggested, the existing Specialists being placed in class A.

69. Secy's order on the D.O.

"Or IV. Submit with the file and note, if any."

Asst C.S.B.
19.7.11.

70. Subtd for orders. The maximum pay which Messrs K.R.K. Iyengar & Karke can get in the grade of Asst Surgeons is Rs 300 which under the rules in force, an Asst Surgeon reaches after a Service of 3 years in the Second class. According to the offg Sen: Surgeon's proposal their maximum pay will be Rs 400 which they reach after a Service of 10 years, unless they are promoted to the proposed class A of Specialists before they reach the maximum pay of class B. (Sd) - Secy) 24/7/11 Asst 20.7.11.

Pay of a 1st grade Asst Surgeon.

71 The scale of pay now proposed by the offg Sr Sn viz 250 - 15/1 - 400 Rs seems to be fair for the Second class of

NOTE—Contn. sheet.

GPB—50,000—12-8-10

Serial No.

Specialists and may be adopted.
Messrs Kaive & KRK Iyengar may be put into that class.

72. The arrangement will, so far as these two men are concerned, solve the question of a conflict of interests between them & the men in the general service as Asst Surgeons etc. But a similar question will arise, I believe, in the near future when some of the Damodar Das scholars who are studying medicine in Europe qualifying for general medical & surgical work (such as Mr S. Subba Rao, Sreenivasachary) return after finishing their course. It would not be quite appropriate to put them into the class of Specialists and with their European qualifications they would expect a better start than in the last grade of Sub asst & Asst Surgeons.

73. The difficulty will have to be faced and a way found out of it. Even now ~~the grades~~ Sub asst Surgeons and Asst Surgeons ~~are~~ get their promotions on a time scale and it is only when

Note—Contn. sheet.

their names lieing placed in the regular list. In other words, promotions will be given to meritorious men without taking into consideration the Existance of these men ~~Not to affect both~~ Keep their names may fill the last Asstt Surgeon post to the 18th class shown at the bottom of the 18th class.

Secy

1/1684

82 In my humble opinion the best course seems to be to place these officers at the bottom of the class of Asst Surgeons 4th class with suitable personal allowances

83. In one of the cases mentioned a personal allowance would be hardly justified.

84 Men trained in Europe at the expense of the State should not consider it beneath their dignity to enter as Asst Surgeons 4th class. That should be the rule

85. The creation of special classes with special rates of pay for providing men with particular qualifications & training is certain to prove inconvenient & embarrassing.

GPB—50,000—12-8-10

To Submitted to His Highness.

A As desired in Mr. Campbell's D.O. letter No.11 dated 4th July 1911, the present Officiating Senior Surgeon was consulted on the subject of giving effect to His Highness' desire that the appointment of Messrs. K.R. Krishnaswamiengar and J.V.Karve to the Medical Service should not in any way bar the promotion of the officers already in the service who now rank below them.

2. B The two alternatives suggested by Colonel Smyth were:-

(1) To create a new list of Specialists, called class B on the pay offered to these new officers, viz., Rs.250, the existing list being called class A.

(2) The two officers to begin at the bottom of the list receiving the usual pay, with a personal allowance to bring up their emoluments to Rs.250.

3. The present Officiating Senior Surgeon's proposal is similar to Col. Smyth's first alternative but goes far beyond it. He proposes a pay of Rs.250-15-400 to Specialists, Class B, against Rs. ^50 proposed by Col. Smyth, with the further proviso

that they may be advanced to class A on Rs.400-25-600 later on if found deserving of promotion. The First Councillor is in favour of Dr. Achyuta Rao's proposal.

4. The Comptroller suggests that these two officers be placed at the bottom of the list of Assistant Surgeons, Fourth class on Rs.150 with suitable personal allowances, and is against the creation of a new class of Specialists. But his proposal will not protect the interests of Assistant Surgeonsof the new fifth and lower classes, several of whom have put in long service, and will also involve a breach of faith with the two newly appointed officers as under this proposal they will rise to a pay of Rs.300 only after nine years, whereas under the existing orders they can expect, if their services are approved and they are confirmed, to rise to Rs.300 after three years.

5. In my opinion the best way to secure the end in view would be to substitute the following for para 3 of the Government Order of 18th May 1911 appointing these two officers. (The portions which are new are underlined).:-

"3. Both Mr. K.R. Krishnaswamiengar and Mr. Karve "will be on probation for two years and, on confirma- "tion, will be treated as supernumeraries in the grade

45

"of Assistant Surgeons. Their appointment will in "no way bar the promotion of the officers already in "the service who now rank below them".

With this explicit declaration, there need be no fear of the claims of the officers lower down in the list being overlooked by the Government in the future.

GPB—50,000—12-8-10

Serial No.

95

In my humble opinion the proposal to treat the two officers in question as permanent supernumeraries in the grade of Assistant Surgeons is not suitable. Supernumerary vacancies are meant to be absorbed on the occurance of vacancies and not kept on for a long time.

2. Moreover the proposal involved keeping two Assistant Surgeons more than the number required for a long time thus involving much extra expenditure; for there is no proposal to reduce two appointments elsewhere in the place of the two supernumeraries. No case for an increase in the number of Assistant Surgeons seems to have been discussed or made out.

3. The necessity of modifying the Government Order of 18th May 1911 has arisen because of His Highness' command that the appointment of these officers "should not in any way bar the promotion of officers already in the service who now rank below them".

4. If according to the Government Order of 18th May 1911 the two officers in question are "absorbed in vacancies which may arise" the promotion of the senior men in the Sub Assistant Surgeons' class to the class of Assistant Surgeons will be delayed by two chances. The men in the 3rd and 4th class of Assistant Surgeons are not affected as regards pay because they draw pay according to a time scale.

5. It is not quite clear whether it was desired in

GPS—55,000—27-4-09

His

G. R. S. 12]
General and Revenue Secretariat.

Red File No. 171 of 1910-11

Serial No.

His Highness' command to protect the men in the Sub Assistant Surgeons' class also. Promotion from Sub Assistant Surgeon to Assistant Surgeon is by selection and the Sub Assistant Surgeons can hardly have a reasonable grievance if better qualified men are taken directly as Assistant Surgeons. If the desire was to protect the Assistant Surgeons of the 3rd and 4th class only the difficulty can be solved by adding the following foot-note in the Civil List in respect of the two officers in question.

"For promotion to rank and pay higher than that of Assistant Surgeon the claims of all permanent officers in the class of Assistant Surgeons on the date of appointment of this officer will be considered along with those of this officer and he will not necessarily be considered senior because of his position in the List."

6. If however it is desired to protect the interests of the Sub Assistant Surgeons also, then the only way of doing so seems to treat these two officers as supernumeraries as indicated in para 5 of Dewan's minute of 29th September 1911, but it should at the same time be ordered that the next two vacancies which will occur in the Sub Assistant Surgeons class should not be filled up. These vacancies should be maintained against the supernumeraries referred

to

Note.—Contn. sheet.

GPB—55,000—27-4-10

Serial No.

394

to above in the Assistant Surgeon's class.

7. Ofcourse these supernumerary officers in the 2nd grade will be shewn last in the list. Officers who are promoted from the lower grade will go above the supernumerary officers. But these two officers after completing three years service in the second grade will go to the first grade and remain at the bottom of the first grade till promoted to higher rank. The note referred to in para 5 will still be necessary.

8. In my respectful opinion the step suggested in para 5 is sufficient and that referred to in para 6 above is not necessary.

98 My dear Sir

In reply to your D.O. No 194 of the 14th Nov. regarding the position of Messrs K.R. Iyengar & Karve in the list of Asst. Surgeons I write to say that the Comptroller's suggestion seems to be very complicated, and the simplest way would be to adopt the language of H.E.'s orders communicated in your D.O. No 11 of 4th Jan. 1911, which is

5

What I have proposed
in my note of 29th Sept. 1911
the Comptroller's suggestion
will also not adequately safe-
guard the interests
of men like ~~Dr~~ Messrs
Asirvatham & Ramachar
who have put in long
service in the (new)
5th class of Acute Surgeons

Yours Sincerely
(Dawson) 15/12/11

Rt Campbell Esq ICS

Rec'd 17/-10
Sec'l

Sir,

In reply to your No.6156/Edn dated 21st January 1911, I have the honor to submit the following.

P
in Linked Ed file
195-10

Mr. K.R. Krishnasawmiengar has spent a lot of his own money on his education in England. The Government of Mysore have helped him for only a part thereof though that part has been a substantial one. The training of Mr. J. Karve on the other hand has been paid for entirely by the Mysore Government.

Mr. Krishnasawmy Iyengar therefore, I think, deserves a little more consideration than Mr. Karve in the matter of emoluments to be granted on entry into the Mysore Medical Service..

2. Though as a general rule it may not be right to put young men fresh from Colleges over the heads of those that have already put in some years of efficient service, yet it is nothing but fair that some special consideration should be shewn to the education other than collegiate that young men acquire by a long stay in the British Isles and walking Hospitals presided over in their several departments by men of eminence and world-wide reputation. It

is

is also necessary I think that some such special consideration should be shewn to these two young men in view of the fact that similar and perhaps more munificent consideration has been shewn to Continent-returned young men of the Mysore Forest - Geological and Educational Departments not to say anything of the Specialists and others that have been entertained in the past in the Medical & Sanitary Departments of the State.

3 It is I think necessary that one of our men should be in practical training from now in the Chemical and Bacteriological laboratory to take up the place of Dr. M. Srinivasa Rao whenever he should be absent from duty on leave &c., and eventually to succeed him.

4 Both Messrs Krishnasawmy Iyengar and Karve have made good use of their stay in Europe. The former has specialised certain subjects, a thorough knowledge of which will go far to qualify one in becoming an efficient Public Analyst and the latter seems to have qualified himself to become an efficient all round physician & Surgeon in course of time with some aptitude in treating Ear, mouth & throat diseases.

5 Under the above circumstances, I would recommend that ooth of them be started at the least as Assistant Surgeons of the last grade and Mr. Krishnasawmiengar on the score of his having spent a lot of money of his own on his earlier years of training in Europe be employed as Assistant to the Chemical Examiner & Bacteriologist with a local allowance of Rs. 50/- per mensem in addition to his grade pay and Mr. Karve be attached to the General Hospital, Mysore, as the Resident Physician thereof.

I have the honor to be,

Sir,

Your most obedient servant,

J. V. Ayyangar

Offg Senior Surgeon, Mysore Govt.

Bangalore 3

9th March 1911

My dear Sir

Yr kind l.o. of the 23rd ultimo

Just this minute I saw Dr Kave. She tells me that he had long ago seen Col: J. Smyth the D. I. Ins; to understand that he was not willing to accept a place on Rs: 150/- a month.

It would appear Dr Kave had seen the Dewan also & had given him an idea in writing as to what he expected in the way of pay &c

I send enclosed Dr

Ex

Krishnaswamiengar's letter
in reference to his expectations

Yours sincerely

To

T. Ananda Row, Esq., B.A., C.I.E.,

Dewan of Mysore.

Sir,

During the interview you wre kind enough to grant me on Monday last, you had asked me to let you know what would be the minimum pay I would accept as a start.

I beg to state that considering the work I have done, a start of Rs.300 per month is very reasonable.

I beg to remain,
S i r,
Your most obedient servant,
J. Karve M.B. D.P.H.

16.2.11

To,

P. S. Achyuta Rao, Esquire, L. M. S.,

Offg. Senior Surgeon & Sanitary Commissioner,

to the Government of Mysore,

BANGALORE.

Sir,

With reference to the conversation I had with you yesterday whether I would accept the post of last grade Assistant Surgeon with an allowance, I beg to invite your kind attention to my application addressed to Lt. Col. - Smythe dated 16th December last, and to add the following, to the facts very briefly setforth therein:

After graduating in Medicine in the University of Edinburgh in June 1908, I applied for a post-graduate - scholarship and proceeded to London and joined St. Georgeis Hospital to undergo a special course in Surgery with the object of sitting for the Indian Medical Service Examination in January 1910. On 28th August 1908, I applied to the Director General of Indian Medical Service for a certificate of my suitability for admission, as required by the regulations. I enclose a copy of the certificate which I received in October 1908. In the mean/time I received a Cablegram from the Secretary to the Mysore Government - worded thus "Scholarship £150/- sanctioned two years conditionally on obtaining D.P.H. and specialising in Chemistry as Public Analyst submit work programme." I accordingly accepted these terms and submitted my pro-

gramme

programme which was approved by Cablegram by the Secretary to the Mysore Government in the month of October.

After having given this undertaking, I wrote to my father whether he could pursuade the Mysore Government to permit me to sit for the Indian Medical Service Examination. After consulting my well-wishers in Mysore, my father impressed upon me the duty of my adhering to the programme setforth by the Mysore Government and accepted by me.

Having been specially selected to under-go training in Public Analyst's work which is generally outside the pale of Medical profession, I had to devote nearly a year in working under eminent public analysts paying heavy Laboratory fees. To give finishing touches to my training in this line, I visited Berlin, which cost me heavily.

My medical education in Edinburgh and London has cost me nearly Rs.26,000/-, out of which His Highness graciously granted me Rs.9,000/- in the form of scholarship.

From the above facts, I beg to submit my aspirations for a Specilist's appointment are reasonable.

When I had an interview with Lt. Col. Smythe, after my return from England, he asked me to state in my application the minimum salary I would accept and I accordingly in my application of 16th December 1910, requested him to recommend me for a post of Rs.300/- in the Specilist's grade. Taking into consideration the start given to graduates in other departments who have had their training in England for three years against 7½ years of mine and the scholarship graciously granted to me during a part of the period, I --

prayed for Rs.100/- less than the minimum given to specilists.

The numerous testimonials I have submitted to the Mysore Government will convince you, I have spared neither time nor money in undergoing the best training available in various branches of Medical Science.

Under the above circumstances I beg to decline the post of the last grade Assistant Surgeon with an allowance and request you to be kind enough to re-consider my case and recommend me for a Specilist's post on a starting -- salary of Rs.300/-.

I have the honour to be

Sir,

Your most obedient servant,

K. R. Krishnaswamy Iyengar

M.B.Ch.B (Edin). D.P.H. (Lond)

Bangalore.

To

C.S. Balasundaram Iyer Esq. B.A.,
Offg Secretary to the Govt of H.H. the
Maharaja of Mysore, Genl & Rev Deptts.
Bangalore.

Sir,

With reference to Government Order No.951-7-8 Med.171-10 dated 18th May 1911 - para 3 thereof, I have the honor to say that this para is not clear to me - but on the surface, & to myself & Personal Assistant, after trying to understand it as well as we can, it means that the two young officers now being taken on are eventually to be placed in the graded list ahead of many men now in the service. This would be of no consequence if promotion in the graded list proceeded by length of service. But such is not the case and to place new men in the middle of the list means an effectual block for all those below them, and in my humble opinion is a breach of faith, though doubtless quite unintentional, with these men. Already several of these men who are thus apparently superseded, are a long time on the same low grade of pay waiting for vacancies ahead, & it seems a great hardship to them now to shut out from them even the chances of the vacancies that only too tardily come about under present circumstances. If the meaning I have attached to the order, [illegible] is the correct one, I most respectfully

request

18

request that the order be so modified that the hardships I indicate to the men already in the Service shall not arise. If His Highness' Government are not pleased to take this course, then in view of my early departure from His Highness' Service, I beg to appeal to His Highness the Maharaja to have this order, entailing such hardship on many highly deserving officers, revised so as to remove the disability it seems to involve.

2. There are at least two alternatives to the procedure ordered - either of which would prevent any hardship to the many deserving officers now in the Service,

i. A new list of Specialists could be created called Class B on the pay offered to these new officers; and calling the existing one Class A.

ii. They could begin at the bottom of the list receiving the usual pay, but a personal allowance to the amount necessary to bring their emoluments to the amount now offered them.

3. I would further respectfully remark that the proposal to place Mr. Karve at Mysore General Hospital is the sure and certain way of throwing away all the special knowledge he has acquired at such great cost to Government & I beg to urge that my proposal to attach him to the Victoria Hospital as Pathologist be adopted. There he will have every facility to keep up his knowledge and to work in the directions for which he has had special training. Perhaps as I have said before, he will turn out a better man than I expect, and if he does, no one will rejoice more than I. Of course in addition to the duties of Pathologist, which would involve post-mortem examination of all bodies brought to the Victoria Hospital Mortuary, he would be one of the Physicians of the Hospital & barred from operative surgery, his specialty being Pathology.

I have the honor to be,
Sir,
Your most obedient servant,

M.D.
Lt.Col.I. .S.
Senior Surgeon, Mysore Government.

D. O. No. /K

OFFICE OF THE SENIOR SURGEON WITH THE GOVERNMENT OF MYSORE.

Bangalore, 19th July 11.

My dear Sir,

Your D.O.No.464/Medl.171-10 dated 17th July 1911.

I have carefully gone through the entire file of papers connected with the subject. I have also had an opportunity of eliciting Dr. E.S. Krishnasawmy Iyer's opinion in regard to Mr. J.V.Karve's work - capacity & capabilities.

I am now of opinion that Messrs K.R.K.Iyengar and J.V.Karve should be placed on the list of Specialists class B. The existing Specialists being

being borne on "Specialists Class A," as suggested by Colonel J.Smyth, M.D., I.M.S., but that their pay should be ₹250-15/1-400.

If by the time they attain the maximum salary they shew excellence in their Specialised work and the Chief Administrative Medical Officer certifies that they are deserving of promotion, they may be advanced to the grade of Specialists Class A, 400-25/1-600.

Yours sincerely,

READ—

Letter no: G 5899 dt the 20th May 1911 from the Senior Surgeon requesting that G.O no 2577-8 Med 171-10-3 dt the 18th idem Sanctioning the Appointment of messrs K. R. Krishnaswamy Iyengar and J. V. Karke as Asst Surgeons of the Second class on probation for two years, be so modified as to remove the hardship

over.

Date of issue 15/11/12

Signed by Mr SPR

ORDER THEREON—NO.

SUBJECT.

Caused thereby to the men already
in Service and making certain suggestions
to prevent such hardship

(2) G.O No: 5605 med 94-11-3 dt the 12th Feby/12 N
appointing Mr S. Subba Rao M.B.C.M.
M.R.C.S & L.R.C.P as Supernumerary
Asst Surgeon, 2nd class.

(3) G.O No. 2427-8 med 7-12-3 dt the 21st September/12 P in link file med 7-12 (Removed & put up with D. No: 2555-12)
Sanctioning the entertainment of
Miss Champabai Sunthankar and
Miss Allen as Asst Surgeons of the
4th & 6th classes respectively (Supernumeraries)
on probation for two years.
Orders thereon: 3746-9 med 171-10-9 dt 26.11.12

On a careful consideration of the
matter, I do consider that the hardship
brought to notice by the Senior Surgeon
as preventing from the appointments
of Messrs K.R. Krishnaswamiengar
and G.V. Kerke as Supernumerary
Asst Surgeons, 2nd Class will be obviated
by substituting the following for para 3
of the G.O of the 18 May/11:—
or Both Mr K.R. Krishnaswamiengar

G.R.S. 27]

GENERAL AND REVENUE SECRETARIAT.

(Continuation sheet draft form.)

and Mr Kanke will be on probation for two years and on confirmation will be treated as Supernumeraries in the grade of Asst Surgeons Their appointment will in no way bar the promotion of the Officers already in Service who now rank below them" The G.O. order of the 18th May is modified accordingly. A Similar condition will attach also to the appointments of Mr S. Subba Rao, Miss Champabai Senthankar and Miss Allen Since ordered.

2. G.O. direct that Vacancies arising in future, in the grade of Assistant Surgeons shall not be filled up so long as all the Supernumeraries in the grade remain unabsorbed in the permanent sanctd strength

SPM Secretary

To the Senior Surgeon

" Comptroller Third Branch II.
